

GUATEMALA'S WESTERN REGION MAILBOX MARKINGS

The mailbox markings on correspondence spread to different areas of Guatemala after their appearance in Guatemala City. They only existed in some of the larger cities.

TYPE	TYPE
1. Quetzaltenango I-XIII (1925-1971)	5. San Marcos XXI (1950-1983)
2. Huehuetenango XIV-XV (1942)	6. San Pedro Sacatepéquez XXII (1951)
3. Mazatenango XVI-XIX (1942-1980)	7. San Cristobal Totonicapan... XXIII (1985-1986)
4. San Felipe Retalhuleu XX (1943-1945)	

Reference: *The Postal Markings of Guatemala, Cécile Gruson, ISGC, 2007*

1. QUETZALTENANGO

The second most important city in Guatemala is the city of Quetzaltenango. This is reflected in the size of its population and therefore in the number of mailboxes that were needed to provide mail service.

I.- 1925

Mailbox type I, in which the mailbox number is handwritten. Only one marking has been documented in Quetzaltenango, and that is the number 20.
